Here's the chance to open your heart and home to make a difference in an animal's life. Next date: **July 12th**

Doga

We all know how connected we are to our dogs...when we're stressed & anxious, so are they! This 5-week class will be a fun way to exercise, relax, and rebalance you and your faithful dog friend. Join Michelle Lowrey and her dog Dasher each week and you will learn:

- How to quiet your mind & practice simple dog stretching & strengthening exercises.
- Build into a full routine of daily exercises, increasing core strength for both of you.
- Expand the animal/human bond.
- Learn about kinesiology...use indicator muscles to reveal info about your dog!

Please wear comfortable clothes, bring a blanket/mat, your dog and his favorite toys.

Fee: \$80 for 5 weeks *This was such a popular class, we're bringing it back in the fall.*

Stay tuned!
