PUPPY PICKING SERVICE (\$50)

Take me along to view and assess a puppy or an entire litter of puppies. If you wish to adopt or purchase there are behavior you can look for and things you can do to assess if the puppy is right for you and your family.

WORKSHOPS (Call for pricing)

With over 20 years experience in the animal industry I have taught bite prevention, behavior assessment, understanding basic behaviors and understanding aggression to many. Including; Meter readers and mail carriers, Vet techs, groomers, Animal control or shelter workers.

GROUP CLASSES (\$125 / 5 weeks)

My group classes are small and personal with a maximum of 6 dogs. This gives you optimum learning, a reasonable setting for success and individualized problem solving for your dog. From beginner to advanced – puppy to adult we address basic commands but also teach where and when to use them, social skills and solutions to every day problem behavior.

SPECIALTY CLASSES (\$145 / 6 weeks)

My specialty classes focus on common issues while putting you in a group with the same problems. Classes are small, safe and even fun when you consider some of the subjects we cover.

- ✓ **Manners On The Move** – A class on the go that meets in 5 different, challenging locations. All to work on and solve every day, REAL LIFE problems with garbage, things on the ground, other dogs, people, distractions, veterinary office visits and scary things.
- ✓ **Grumpy Growlies** – A great class for dogs that have a hard time with other dogs. Be it: socializing, simply walking by or when in the car. Learn how to understand your dogs need to be growly or antisocial and learn how to manage the behavior.
